

Basic Equipment Budget

This sample budget is for a simple system like the one discussed in the [basic equipment list](#).

Computer (see sample system for details)	\$1,500.00
Camera, Canon GL-2 or equivalent	\$2,000.00
Tripod	\$350.00
Cabling (4 to 6 pin IEEE 1394 cable, network cable, etc.)	\$50.00
2 Radios and headsets	\$100.00
Editing software WMV splitter Roxio Media 8	\$150.00
Miscellaneous	<u>\$200.00</u>
Total	\$4,350.00

I would suggest allowing \$5,000.00 for a target budget. This would allow for some “wiggle” room.
